General

OAP's Outdoor Phantom Sound Speaker System is the perfect blend of superior sound and aesthetic appeal. The system is designed to blend in naturally and maintain desirable sound levels within the parameters of your own backyard. With excellent quality and audio the system has the ability to cover up to a 900-sq. ft. area. The Outdoor Phantom Sound Loudspeaker System consists of four 3" landscape/deck mountable satellites, and one 10" dual voice coil subwoofer, and all mounting hardware and direct burial cables. The subwoofer is available in both the above ground and below ground version. All speakers are neutral in color and are water and heat-resistant. This unique system's simplistic installation, superior sound, and aesthetic appeal make it the solution to your outdoor speaker needs.

WARRANTY: OAP Outdoor Phantom Sound Speaker System is guaranteed against failure due to workmanship and materials for a period of two (2) years from date of purchase and is limited to original purchaser. If such failure does occur, unit will be replaced or repaired (at the discretion of OAP Audio) without charge for labor and materials. Unit must be delivered to OAP Audio prepaid. Warranty items will be returned prepaid. This limited warranty does not extend to units which have been subjected to misuse, abuse, neglect, accidents, or to units that have been used in violation of the operating instructions. Equipment which, in our judgment shows evidence of having been altered or removed will be ineligible for service under this limited warranty.
